Â

Â Â Â For areas where we support LNP (Local Number Portability) you will be able to keep your existing number. For all other coverage areas where we do not have LNP support we can still provide service there by providing you with a new telephone number. With PWHR Solutions VoIP you are able to make outgoing telephone calls to anywhere in the world.

Â Â Â This page is being updated constantly, if we don't have coverage in your area currently, please check back often as we will keep this page updated each time a new area is added to our network.
